

## GENERAL INFORMACION

### PRODUCTS

The products and services provided by the *Corporación Financiera de América del Norte, S.A de C.V., SOFOM, E.N.R.* (COFIDAN) can be found in the corresponding section of the website of the North American Development Bank at [www.nadb.org](http://www.nadb.org).

### FEES

The fees that COFIDAN charges are for the loans it provides for environmental infrastructure projects, and they apply equally to all products, segments and concepts.

The fee charged is 3/4 of one percent on undisbursed loan balances.

If a foreign exchange hedge is contracted for a loan, the cost of breaking the hedge will be charged to the borrower, as determined in each case.

At loan closing, COFIDAN collects the technical, financial and legal expenses incurred in analyzing the financial viability of each individual project. Consequently, these costs vary from project to project.
