

TECHNICAL ASSISTANCE PROJECT FACTSHEET

Project Name:	Vado WWCS expansion (Sleepy Farms), NM		
TAP Number:	2115	Start Date:	Jan 2017
Project Location:	Vado, NM	Completion Date:	Jan 2018
Project Sponsor:	Doña Ana County	Closeout Report Date:	NA
TA Fundamental Objective:			
The TA was used to develop planning and environmental documents in support of a WWCS project for the Sleepy Farms area near Vado, NM		<p style="color: green; text-align: center;">Location map</p>	
TA Scope:			
A Preliminary Engineering Document (PER) and an Environmental Information Document (EID) were developed. The PER analyzed potential alternatives for providing sanitary services in Sleepy Farms area and determined viable project limits. The EID was developed in support of the NEPA process to make the project eligible for Federal funds.			
The Results			
<ul style="list-style-type: none"> - The planning completed with the TA supported this project in the PDAP/BEIF selection process - The PER developed for this project was used to guide the project's design. - The EID developed for this project was used to complete the EPA's NEPA process 		TA FUNDING: US\$	
		TA Approved:	\$48,069.58
		Contracted:	\$48,069.58
		Disbursed:	\$48,069.58
Outputs		Sources of Funding:	
- Preliminary Engineering Report		JTAP:	\$48,069.58
- Environmental Information Document		Other Funds:	
-		Total:	\$48,069.58
Benefited Population:	120
